Bloom's Taxonomy Levels

L1- Remembering, L2- Understanding, L3-Applying, L4-Analysing, L5-Evaluating, L6-Creating

	Assignment related to COs	**Marks**	**Relevance to CO No.**	**Blooms Level**
Q 1.	"By learning root words we can expand our vocabulary and become a better English speaker." Elaborate the statement.	2	CO1	L1+L3
Q 2.	**In the sentences given below, identify the incorrect pronouns and replace them with the correct ones:** i. I wrote the letter ourselves. ii. Jane Roberts is my friend and mentor, they answers all my questions.	2	CO2	L1+L2+L3

Q 3.	**Do as directed:** i. We should all take care of our own self. **(Correct the redundancy)** ii. He visited the zoo only with the group. **(Correct the misplaced modifier)**	2	CO2	L1+L2+L3
Q 4.	**Read the passage and answer the questions that follow:** Sustainable technologies are important for a better Earth and the survival of future generations. As the world grows, we are using more natural resources, which can harm the planet. Sustainable technologies like solar energy, recycling, and electric vehicles, help in reducing pollution and save resources. These technologies protect the environment and ensure that future generations can live in a healthy world. If we don't act now, the damage could be permanent. By choosing sustainable solutions, we can create a balance between progress and protecting the Earth for the people who will come after us. **Questions:** **i.** **What is an example of a sustainable technology mentioned in the passage?** **ii.** **What do sustainable technologies help in reducing?** **iii.** **Why is it important to adopt sustainable solutions now?** **iv.** **(a) Write the synonym of - progress** **(b) Write the antonym of - ensure**	4	CO4	L2+L3+ L5
