CEC CSE BROADCAST

Volume – 8

Issue 2

April 2022 to June 2022

Published on: 4 July,
2022

Message from Head HR

Mr. Barinder S. Sawhney
Head-HR

We all know that CGC is an institution par excellence in providing academic brilliance and placement opportunities. I am elated to hear that CEC is coming up with their fourteenth edition of the newsletter, since it acts as a platform to motivate the students and faculty to learn and showcase their talent and also helps them to indulge in academic activities. I pass on my good wishes to the entire team associated with the newsletter and wish them success for the future.

Thought for the day:

A person who feels
appreciated will always
do more than is
expected.

(2nd year)

THOUGHT OF THE DAY

"If you run into a wall, don't turn around
and give up. Figure out how to climb it,
go through it, or work around it."

- Michael Jordan

Industrial Visit CS Soft Solutions Mohali

Department of CSE, Chandigarh Engineering College organized an Industrial Visit on April 18, 2022 to CS Soft Solutions ,Mohali for 3rd year students. The visit was organized to help the students to gain knowledge regarding functioning of the company which presents the students with opportunities to plan, organize and engage in active learning experiences both inside and outside the classroom. CS Soft Solutions Pvt. Ltd is a growing IT Solutions firm and website development company, with one simple objective - to provide our clients with state-of-the-art online services so that they can focus on their core competencies and achieve success.

Virtual lecture in collaboration with FPT University, Vietnam

The event was held on 20-04-2022. From 2:00 pm to 4:00 pm. There were more than 60 students who have participated. It is a virtual lecture in collaboration with **FPT University, Vietnam** for students. Students learn about computer vision, machine learning, and deep learning including stereo vision, object detection, and classification problems. Case study of autonomous vehicle application-based deep learning model (Car, Pedestrian, Lane Detection, Traffic Sign, and Traffic Light detection) was discussed.

Industrial Visit to Solitaire Infosys Mohali

The department of Computer Science & Engineering, Chandigarh Engineering College organized an Industrial visit to **Solitaire Infosys Mohali** with an objective to provide real time exposure with industrial life to the 2nd year students. SOLITAIRE INFOSYS is a leading Software and Web Application Development Company, based in Mohali (Chandigarh), that provides high quality comprehensive services to enterprises across a wide range of platforms and technologies. Their major areas of expertise are in providing quality, cost effective software or web development services. It was a good experience; students were able to know what kind of environment adopted by the companies. Students also experienced how R&D is being conducted in the company. Also brief overviews of type of IT solutions provided by the company were enlightened

Expert Lecture organized by CSE Department on Cyber Security

CSE Department organized expert lecture on “Cyber Security” for the second year students, under CSI Student Chapter. Cyber Security aims to protect the computers, networks, and software programs from cyber-attacks. There is a high demand for professionals with these skills. It was a 2-hour Expert lecture by Dr. Gaganpreet kaur from Chitkara University, Rajpura, Punjab. Students asked queries and cleared their doubts.
