IETE-SF

Electronics Department has started its IETE student chapter in the year 2014-15. The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognized professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT Founded in 1953. The IETE is the National Apex Professional body of Electronics and Telecommunication, Computer and IT Professionals. It serves more than 60,000 members through various 65 Centers, spread all over India and abroad. The Institution provides leadership in Scientific and Technical areas of direct importance to the national development and economy. Government of India has recognized IETE as a Scientific and Industrial Research Organization (ISRO) and also notified as an educational Institution of national eminence. The objectives of IETE focus on advancing electro- technology. The IETE conducts and sponsors technical meetings, conferences, symposia and exhibitions all over India, publishes technical journals and provides continuing education as well as career advancement opportunities to its members.
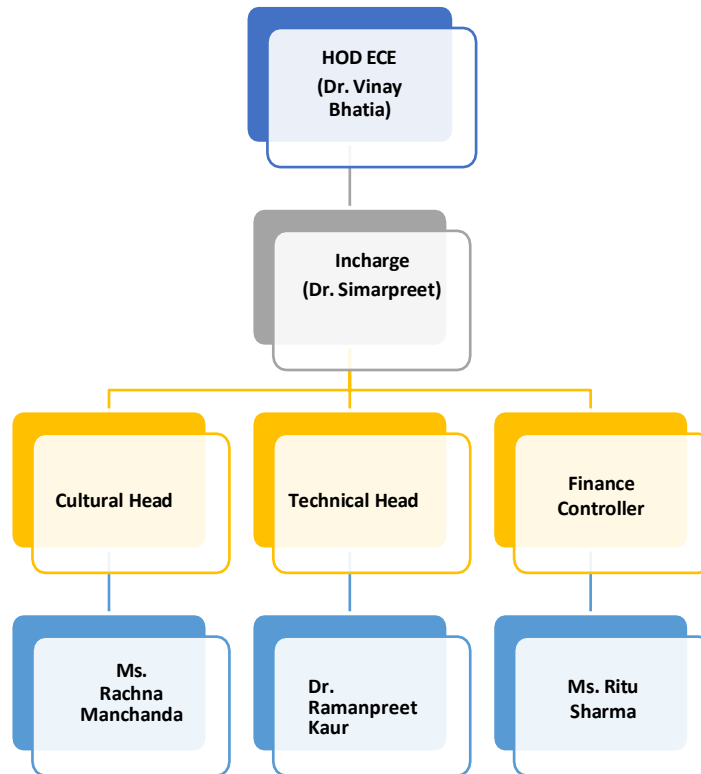

Objectives:

This club has been striving for:-

- To plan and organize technical programs and activities such as Expert lectures, workshops, seminars for the benefit of student members on a regular basis.
- To provide a common platform for the student members to exchange ideas and information on the topics of their interest e.g. Project Design, employment / higher educational opportunities, emerging trends, personality development etc;
- To facilitate technical visits / practical training / project work of the enrolled students in R&D laboratories, industries, academic institutions etc;
- To serve as a nodal point at the institution on all aspects of professional development of the student members.
