MISSION

The College Libraries are to sustain a physically and virtually appealing environment that promotes learning, teaching and research. It fosters lifelong intellectual growth and self-fulfilment by providing all users with versatile accessibility of the needed information resources. It also stimulates to promote individual sharing of ideas and love of reading and social enlightenment, enrichment throughout the knowledge society. It also supports in excellence and innovation in education and research.

OBJECTIVES

- 1) To establish a readers' community to strengthen the goals.
- 2) To organize orientation programmes for users to keep them aware of the information society.
- 3) To promote the values and skills amongst the students.
- 4) To maintain a balanced and organized collection of high-quality materials and provide professional assistance to all users.
- 5) To provide access to information located elsewhere.
- 6) To educate users in developing information-gathering skills, including accessing, evaluating, and using various information sources.
- 7) To promote technological competence by providing access to information available in non-print formats.
