Response:

The institute provides an inclusive environment for everyone with tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities. It takes pride in having a cosmopolitan environment where students from 20 different states, study, depicting diversity and brotherhood. Students reside together in hostels and also attend classes thereby experiencing diverse cultural exchange. Different sports and cultural activities organized inside the college promote harmony among them. Regional festivals like Holi, Teej, Janamasthmi, Eid etc. are celebrated in the college. This establishes positive interaction among students of different racial and cultural backgrounds. Student grievance redressal cell and Internal Complaint Committee (ICC) have been constituted to deal with the grievances of the students without any racial or cultural biasness.

The institute works on three core Values: Integrity, Inclusiveness and compassion that has to be followed by all the students, staff, faculty and every employee of the institute, irrespective of their cultural, regional, linguistic, communal socioeconomic and other backgrounds or diversities.

In addition to laying a strong academic foundation for the student community, the college works hard to transform its students into better citizens of the nation. In this manner, the institute promotes a sense of unity among the student community through a variety of activities and programmes, besides offering professional and technical education.

Every Year the Annual Technocultural fest 'Parivartan' is organized based on a particular theme to spread awareness among students, faculty, staff and community, in general. Following are the themes for the past few years: Say No To Drugs, Experience the Joy of Giving, One for All, All for One, Innovate, Create & Celebrate etc.
